

## BALLAST NEDAM COMPLIANCE OVERVIEW DUTCH CORPORATE GOVERNANCE CODE

Subject	Comply or explain
<b>I. Compliance with and enforcement of the code</b>	
<p><b>Principle.</b> The management board and the supervisory board are responsible for the corporate governance structure of the company and for compliance with this code. They are accountable for this to the general meeting and should provide sound reasons for any non-application of the provisions. Shareholders take careful note and make a thorough assessment of the reasons given by the company for any non-application of the best practice provisions of this code. They should avoid adopting a 'box-ticking approach' when assessing the corporate governance structure of the company and should be prepared to engage in a dialogue if they do not accept the company's explanation. There should be a basic recognition that corporate governance must be tailored to the company-specific situation and that non-application of individual provisions by a company may be justified.</p>	Agreed.
<p>I.1. The broad outline of the corporate governance structure of the company shall be explained in a separate chapter of the annual report, partly by reference to the principles mentioned in this code. In this chapter the company shall indicate expressly to what extent it applies the best practice provisions in this code and, if it does not do so, why and to what extent it does not apply them.</p>	<p>BN complies with this best practice provision: see chapter 5 Corporate Governance of the Annual Report 2016 of Ballast Nedam N.V. (the "Annual Report").</p>
<p>I.2. Each substantial change in the corporate governance structure of the company and in the compliance of the company with this code shall be submitted to the general meeting for discussion under a separate agenda item.</p>	<p>BN complies with this best practice provision: see Regulations for the supervisory board, article 16.4 and the Regulations for the board of management, article 9.6. See the minutes of the general meeting of shareholders on the website of BN.</p>
<b>II. The management board</b>	
<b>II.1. Role and procedure</b>	
<p><b>Principle.</b> The role of the management board is to manage the company, which means, among other things, that it is responsible for achieving the company's aims, the strategy and associated risk profile, the development of results and corporate social responsibility issues that are relevant to the enterprise. The management board is accountable for this to the supervisory board and to the general meeting. In discharging its role, the management board shall be guided by the interests of the company and its affiliated enterprise, taking into consideration the interests of the company's stakeholders. The management board shall provide the supervisory board in good time with all information necessary for the exercise of the duties of the supervisory board.</p> <p>The management board is responsible for complying with all relevant primary and secondary legislation, for managing the risks associated with the company activities and for financing the company. The management board shall report related developments to and shall discuss the internal risk management and control systems with the supervisory board and the audit committee.</p>	<p>Agreed. See the Regulations for the board of management, article 4.1.</p>
<p>II.1.1. A management board member is appointed for a maximum period of four years. A member may be reappointed for a term of not more than four years at a time.</p>	<p>In principle BN complies with this best practice provision: see Regulations for the board of management, article 1.2 and the minutes of the general meeting of shareholders on the website of BN.</p>
<p>II.1.2. The management board shall submit to the supervisory board for approval:</p> <ul style="list-style-type: none"> <li>a) the operational and financial objectives of the company;</li> <li>b) the strategy designed to achieve the objectives;</li> <li>c) the parameters to be applied in relation to the strategy, for example in respect of the financial ratios; and</li> <li>d) corporate social responsibility issues that are relevant to the enterprise.</li> </ul> <p>The main elements shall be mentioned in the annual report.</p>	<p>BN complies with this best practice provision: see Regulations for the board of management, article 5.1. See also chapter 5.2 Report of the Supervisory Board of the Annual Report.</p>

<p>II.1.3. The company shall have an internal risk management and control system that is suitable for the company. It shall, in any event, employ as instruments of the internal risk management and control system:</p> <ul style="list-style-type: none"> <li>a) risk analyses of the operational and financial objectives of the company;</li> <li>b) a code of conduct which should be published on the company's website;</li> <li>c) guides for the layout of the financial reports and the procedures to be followed in drawing up the reports; and</li> <li>d) a system of monitoring and reporting.</li> </ul>	<p>BN complies with this best practice provision: see Regulations for the board of management, article 5.4 and the website of BN. See also chapter 3 Risk and risk management in Ballast Nedam of the Annual Report.</p>
<p>II.1.4. In the annual report the management board shall provide:</p> <ul style="list-style-type: none"> <li>a) a description of main risks related to the strategy of the company;</li> <li>b) a description of the design and effectiveness of the internal risk management and control systems for the main risks during the financial year; and</li> <li>c) a description of any major failings in the internal risk management and control systems which have been discovered in the financial year, any significant changes made to these systems and any major improvements planned, and a confirmation that these issues have been discussed with the audit committee and the supervisory board.</li> </ul>	<p>BN explains in the Annual Report about risk management and the risk control process. BN complies with this best practice provision, as specified by the Dutch Corporate Governance Code Monitoring Committee. See chapter 3 Risk and risk management in Ballast Nedam of the Annual Report.</p>
<p>II.1.5. As regards financial reporting risks the management board states in the annual report that the internal risk management and control systems provide a reasonable assurance that the financial reporting does not contain any errors of material importance and that the risk management and control systems worked properly in the year under review. The management board shall provide clear substantiation of this.</p>	<p>The Board of Management declares in chapter 3 that the risk management and control systems have in general functioned effectively. Additional efforts have to be made particularly with regard to the control of major infrastructure projects. With regard to the financial reporting risks, the internal risk management and control systems provide a reasonable degree of assurance that the financial reporting presented in the 2016 financial statements is free of material misstatements. The Board of Management notes that the proper operation of risk management and control systems cannot be absolutely guaranteed. Project assessments are based on estimates and depend, among other things, on the results of negotiations and discussions on the financial settlement of projects (contract variations, penalties and claims, delivery time and quality of the work). It may subsequently emerge that the results of the negotiations do not correspond to the estimates made. Hence Ballast Nedam cannot guarantee that material errors, or fraud or violations of legal provisions, will not arise in the future.</p>
<p>II.1.6. In the annual report, the management board shall describe the sensitivity of the results of the company to external factors and variables.</p>	<p>BN complies with this best practice provision: see chapter 3 Risk and risk management in Ballast Nedam of the Annual Report.</p>
<p>II.1.7. The management board shall ensure that employees have the possibility of reporting alleged irregularities of a general, operational and financial nature within the company to the chairman of the management board or to an official designated by him, without jeopardising their legal position. Alleged irregularities concerning the functioning of management board members shall be reported to the chairman of the supervisory board. The arrangements for whistleblowers shall be posted on the company's website.</p>	<p>BN complies with this best practice provision: see Regulations for the board of management, article 4.7 and the Regulations for the supervisory board, article 13. The arrangements for whistleblowers are part of the Code of Conduct of BN: see the website of BN and the Compliance reporting regulation on the website of BN. See section 4.7 Business Ethics and Integrity of the Annual Report.</p>

<p>II.1.8. A management board member may not be a member of the supervisory board of more than two listed companies. Nor may a management board member be the chairman of the supervisory board of a listed company. Membership of the supervisory board of other companies within the group to which the company belongs does not count for this purpose. The acceptance by a management board member of membership of the supervisory board of a listed company requires the approval of the supervisory board. Other important positions held by a management board member shall be notified to the supervisory board.</p>	<p>BN complies with this best practice provision: see Regulations for the board of management, articles 17.1 and 17.2.</p>
<p>II.1.9. If the management board invokes a response time within the meaning of best practice provision IV.4.4, such period may not exceed 180 days from the moment the management board is informed by one or more shareholders of their intention to put an item on the agenda to the day of the general meeting at which the item is to be dealt with. The management board shall use the response time for further deliberation and constructive consultation. This shall be monitored by the supervisory board. The response time may be invoked only once for any given general meeting and may not apply to an item in respect of which the response time has been previously invoked or meetings where a shareholder holds at least three quarters of the issued capital as a consequence of a successful public bid.</p>	<p>BN complies with this best practice provision: see Regulations for the board of management, article 9.14 and Regulations for the supervisory board, article 14.4.</p>
<p>II.1.10. If a takeover bid for the company's shares or for the depositary receipts for the company's shares is being prepared, the management board shall ensure that the supervisory board is closely involved in the takeover process in good time.</p>	<p>BN complies with this best practice provision: see Regulations for the board of management, article 9.12 and Regulations for the supervisory board, article 14.3. However, the practical relevance is limited now that BN is no longer listed.</p>
<p>II.1.11. If the management board of a company for which a takeover bid has been announced or made receives a request from a competing bidder to inspect the company's records, the management board shall discuss this request with the supervisory board without delay.</p>	<p>BN complies with this best practice provision: see Regulations for the board of management, article 9.13 and Regulations for the supervisory board, article 14.3. However, the practical relevance is limited now that BN is no longer listed.</p>

<p><b>II.2 Remuneration</b></p>	
<p><b>Level and composition of the remuneration</b></p>	
<p><b>Principle.</b> The level and structure of the remuneration which the management board members receive from the company for their work shall be such that qualified and expert managers can be recruited and retained. When the overall remuneration is fixed, its impact on pay differentials within the enterprise shall be taken into account. If the remuneration consists of a fixed component and a variable component, the variable component shall be linked to predetermined, assessable and influenceable targets, which are predominantly of a long-term nature. The variable component of the remuneration must be appropriate in relation to the fixed component.</p> <p>The remuneration structure, including severance pay, shall be simple and transparent. It shall promote the interests of the company in the medium and long term, may not encourage management board members to act in their own interests or take risks that are not in keeping with the adopted strategy, and may not 'reward' failing board members upon termination of their employment. The supervisory board is responsible for this. The level and structure of remuneration shall be determined by reference to, among other things, the results, the share price performance and non-financial indicators that are relevant to the company's long-term value creation.</p> <p>The shares held by a management board member in the company on whose board he sits are long-term investments. The amount of compensation which a management board member may receive on termination of his employment may not exceed one year's salary, unless this would be manifestly unreasonable in the circumstances.</p>	<p>Agreed. See section 5.4 Remuneration report of the Annual Report and the Regulations for the supervisory board, articles 15.4 and 15.5.</p> <p>See section 5.4 Remuneration report of the Annual Report and the Regulations for the supervisory board, article 15.</p> <p>BN complies with this best practice provision: See the Regulations for the supervisory board, article 15.7.</p>
<p>II.2.1 Before drawing up the remuneration policy and determining the remuneration of individual management board members, the supervisory board shall analyse the possible outcomes of the variable remuneration components and how they may affect the remuneration of the management board members.</p>	<p>BN complies with this best practice provision: see section 5.4 Remuneration report of the Annual Report.</p>
<p>II.2.2 The supervisory board shall determine the level and structure of the remuneration of the management board members by reference to the scenario analyses carried out and with due regard for the pay differentials within the enterprise.</p>	<p>BN complies with this best practice provision: see section 5.4 Remuneration report of the Annual Report, albeit that no scenario analysis was performed in 2016.</p>

II.2.3 In determining the level and structure of the remuneration of management board members, the supervisory board shall take into account, among other things, the results, the share price performance and non-financial indicators relevant to the long term objectives of the company, with due regard for the risks to which variable remuneration may expose the enterprise.	BN complies with this best practice provision: see section 5.4 Remuneration report of the Annual Report.
II.2.4 If options are granted, they shall, in any event, not be exercised in the first three years after the date of granting. The number of options to be granted shall be dependent on the achievement of challenging targets specified beforehand.	BN complies with this best practice provision, albeit that no options have been granted or committed at the date of the 2016 annual report.
II.2.5 Shares granted to management board members without financial consideration shall be retained for a period of at least five years or until at least the end of the employment, if this period is shorter. The number of shares to be granted shall be dependent on the achievement of challenging targets specified beforehand.	Ibid
II.2.6 The option exercise price may not be fixed at a level lower than a verifiable price or a verifiable price average in accordance with the trading in a regulated market on one or more predetermined days during a period of not more than five trading days prior to and including the day on which the option is granted.	Ibid
II.2.7 Neither the exercise price of options granted nor the other conditions may be modified during the term of the options, except in so far as prompted by structural changes relating to the shares or the company in accordance with established market practice.	Ibid
II.2.8 The remuneration in the event of dismissal may not exceed one year's salary (the 'fixed' remuneration component). If the maximum of one year's salary would be manifestly unreasonable for a management board member who is dismissed during his first term of office, such board member shall be eligible for severance pay not exceeding twice the annual salary.	See section 5.4 Remuneration report of the Annual Report. In the event of termination of the engagement agreement by Ballast Nedam for reasons not attributable to the member of the Board of Management, the member can be entitled to get the 'transition budget'. This is similar to what "regular" employees are entitled to. Thus, no fixed severance payment has been agreed with the members of the Board of Management. It is not likely that this transition budget will exceed twice the annual salary.
II.2.9. The company may not grant its management board members any personal loans, guarantees or the like unless in the normal course of business and on terms applicable to the personnel as a whole, and after approval of the supervisory board. No remission of loans may be granted.	BN complies with this best practice provision: see Regulations for the board of management, article 16.3
<p><b>Determination and disclosure of remuneration</b></p> <p><b>Principle.</b> The supervisory board shall determine the remuneration of the individual members of the management board, on a proposal by the remuneration committee, within the scope of the remuneration policy adopted by the general meeting. The report of the supervisory board shall include the principal points of the remuneration report concerning the remuneration policy of the company. This shall describe transparently and in clear and understandable terms the remuneration policy that has been pursued and give an overview of the remuneration policy to be pursued. The full remuneration of the individual management board members, broken down into its various components, shall be presented in the remuneration report in clear and understandable terms.</p>	Agreed. See section 5.4 Remuneration report of the Annual Report.
II.2.10 If a variable remuneration component conditionally awarded in a previous financial year would, in the opinion of the supervisory board, produce an unfair result due to extraordinary circumstances during the period in which the predetermined performance criteria have been or should have been achieved, the supervisory board has the power to adjust the value downwards or upwards.	BN complies with this best practice provision when appointing directors.
II.2.11 The supervisory board may recover from the management board members any variable remuneration awarded on the basis of incorrect financial or other data (clawback clause).	BN complies with this best practice provision. See section 5.4 Remuneration report of the Annual Report.
II.2.12 The remuneration report of the supervisory board shall contain an account of the manner in which the remuneration policy has been implemented in the past financial year, as well as an overview of the remuneration policy planned by the supervisory board for the next financial year and subsequent years. The report shall explain how the chosen remuneration policy contributes to the achievement of the long-term objectives of the company and its affiliated enterprise in keeping with the risk profile. The report shall be posted on the company's website.	BN complies with this best practice provision: see section 5.4 Remuneration report of the Annual Report. See also the Regulations for the remuneration committee and the Report of the supervisory board, both on the website of BN. For the future, the remuneration policy is not yet cast in stone, as the Supervisory Board is currently discussing and reviewing the remuneration policy for 2017, see section 5.4 Remuneration report of the Annual Report.

<p>II.2.13 The overview referred to in best practice provision II.2.12 shall in any event contain the following information:</p> <p>a) an overview of the costs incurred by the company in the financial year in relation to management board remuneration; this overview shall provide a breakdown showing fixed salary, annual cash bonus, shares, options and pension rights that have been awarded and other emoluments; shares, options and pension rights must be recognised in accordance with the accounting standards;</p> <p>b) a statement that the scenario analyses referred to in best practice provision II.2.1 have been carried out;</p> <p>c) for each management board member the maximum and minimum numbers of shares conditionally granted in the financial year or other share-based remuneration components that the management board may member acquire if the specified performance criteria are achieved;</p> <p>d) a table showing the following information for incumbent management board members at year-end for each year in which shares, options and/or other share-based remuneration components have been awarded over which the management board member did not yet have unrestricted control at the start of the financial year:</p> <p>i) the value and number of shares, options and/or other share-based remuneration components on the date of granting;</p> <p>ii) the present status of shares, options and/or other share-based remuneration components awarded: whether they are conditional or unconditional and the year in which vesting period and/or lock-up period ends;</p> <p>iii) the value and number of shares, options and/or other share-based remuneration components conditionally awarded under i) at the time when the management board member obtains ownership of them (end of vesting period), and</p> <p>iv) the value and number of shares, options and/or other share-based remuneration components awarded under i) at the time when the management board member obtains unrestricted control over them (end of lock-up period);</p> <p>e) if applicable: the composition of the peer group of companies whose remuneration policy determines in part the level and composition of the remuneration of the management board members;</p> <p>f) a description of the performance criteria on which the performance-related component of the variable remuneration is dependent in so far as disclosure would not be undesirable because the information is competition sensitive, and of the discretionary component of the variable remuneration that can be fixed by the supervisory board as it sees fit;</p> <p>g) a summary and account of the methods that will be applied in order to determine whether the performance criteria have been fulfilled;</p> <p>h) an ex-ante and ex-post account of the relationship between the chosen performance criteria and the strategic objectives applied, and of the relationship between remuneration and performance;</p> <p>i) current pension schemes and the related financing costs; and</p> <p>j) agreed arrangements for the early retirement of management board members.</p>	<p>BN complies with this best practice provision: see the table 'Remuneration costs of the board of management and Supervisory Board' in chapter 6 Consolidated Financial Statements and section 5.4 Remuneration report of the Annual Report and the website of BN. In 2016 no scenario analysis was performed, but a benchmark was effectuated.</p>
<p>II.2.14. The main elements of the contract of a management board member with the company shall be made public after it has been concluded, and in any event no later than the date of the notice calling the general meeting where the appointment of the management board member will be proposed. These elements shall in any event include the amount of the fixed salary, the structure and amount of the variable remuneration component, any agreed redundancy scheme and/or severance pay, any conditions of a change-of-control clause in the contract with a management board member and any other remuneration components promised to the management board member, pension arrangements and performance criteria to be applied.</p>	<p>BN discloses these items in section 5.4 Remuneration report of the Annual Report.</p>
<p>II.2.15 If a management board member or former management board member is paid severance pay or other special remuneration during a given financial year, an account and an explanation of this remuneration shall be included in the remuneration report.</p>	<p>This was not applicable in 2016.</p>
<p><b>II.3 Conflicts of interest</b></p> <p><b>Principle.</b> Any conflict of interest or apparent conflict of interest between the company and management board members shall be avoided. Decisions to enter into transactions under which management board members would have conflicts of interest that are of material significance to the company and/or to the relevant management board member require the approval of the supervisory board.</p>	<p>Agreed. See the Regulations for the board of management, article 15.5.</p>
<p>II.3.1 A management board member shall:</p> <p>a) not enter into competition with the company;</p> <p>b) not demand or accept (substantial) gifts from the company for himself or for his wife, registered partner or other life companion, foster child or relative by blood or marriage up to the second degree as defined under Dutch law;</p> <p>c) not provide unjustified advantages to third parties to the detriment of the company;</p> <p>and</p> <p>d) not take advantage of business opportunities to which the company is entitled for himself or for his wife, registered partner or other life companion, foster child or relative by blood or marriage up to the second degree as defined under Dutch law.</p>	<p>BN complies with this best practice provision: see the Regulations for the board of management, article 15.1.</p>
<p>II.3.2. A management board member shall immediately report any conflict of interest or potential conflict of interest that is of material significance to the company and/or to him, to the chairman of the supervisory board and to the other members of the management board and shall provide all relevant information, including information concerning his wife, registered partner or other life companion, foster child and relatives by blood or marriage up to the second degree as defined under Dutch law. The supervisory board shall decide, without the management board member</p>	<p>BN complies with this best practice provision: see the Regulations for the board of management, articles 15.2 and 15.3. It is noted that the company interprets item (iii) in such a way that this does not apply with</p>

<p>concerned being present, whether there is a conflict of interest. A conflict of interests exists, in any event, if the company intends to enter into a transaction with a legal entity:</p> <ul style="list-style-type: none"> <li>i) in which a management board member personally has a material financial interest;</li> <li>ii) which has a management board member who is related under family law to a management board member of the company, or</li> <li>iii) in which a management board member of the company has a management or supervisory position.</li> </ul>	<p>respect to management or supervisory positions of entities of the Rönésans group. Some of the members of the Board of Management have executive roles within the organization of Rönésans, which is the majority shareholder.</p>
<p>II.3.3. A management board member may not take part in any discussion or decision-making that involves a subject or transaction in relation to which he has a conflict of interest with the company.</p>	<p>BN complies with this best practice provision: see the Regulations for the board of management, article 15.4.</p>
<p>II.3.4. All transactions in which there are conflicts of interest with management board members shall be agreed on terms that are customary in the sector concerned. Decisions to enter into transactions in which there are conflicts of interest with management board members that are of material significance to the company and/or to the relevant board members require the approval of the supervisory board. Such transactions shall be published in the annual report, together with a statement of the conflict of interest and a declaration that best practice provisions II.3.2 to II.3.4 inclusive have been complied with.</p>	<p>BN complies with this best practice provision: see the Regulations for the board of management, article 15.5 and Regulations for the supervisory board, article 12.4. See also section 5.1.4 Supervisory Board – no conflict of interest in the annual report.</p>
<p><b>III. The Supervisory Board</b></p>	
<p><b>III.1. Role and procedure</b></p>	
<p><b>Principle.</b> The role of the supervisory board is to supervise the policies of the management board and the general affairs of the company and its affiliated enterprise, as well as to assist the management board by providing advice. In discharging its role, the supervisory board shall be guided by the interests of the company and its affiliated enterprise, and shall take into account the relevant interests of the company's stakeholders. The supervisory board shall also have due regard for corporate social responsibility issues that are relevant to the enterprise. The supervisory board is responsible for the quality of its own performance.</p>	<p>Agreed. See the Regulations for the supervisory board, article 2.1.</p>
<p>III.1.1. The division of duties within the supervisory board and the procedure of the supervisory board shall be laid down in terms of reference. The supervisory board's terms of reference shall include a paragraph dealing with its relations with the management board, the general meeting and the central works council or works council. The terms of reference shall be posted on the company's website.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, articles 1.4, 14, 16 and 17 and the website of BN.</p>
<p>III.1.2. The annual statements of the company shall include a report of the supervisory board. In this report the supervisory board describes its activities in the financial year and which includes the specific statements and information required by the provisions of this code.</p>	<p>BN complies with this best practice provision: see the Report of the supervisory board in the Annual Report (section 5.2).</p>
<p>III.1.3. The following information about each supervisory board member shall be included in the report of the supervisory board:</p> <ul style="list-style-type: none"> <li>a) gender;</li> <li>b) age;</li> <li>c) profession;</li> <li>d) principal position;</li> <li>e) nationality;</li> <li>f) other positions, in so far as they are relevant to the performance of the duties of the supervisory board member;</li> <li>g) date of initial appointment; and</li> <li>h) current term of office.</li> </ul>	<p>BN complies with this best practice provision: see section 5.3 Composition of the Supervisory Board of the Annual Report.</p>
<p>III.1.4. A supervisory board member shall retire early in the event of inadequate performance, structural incompatibility of interests, and in other instances in which this is deemed necessary by the supervisory board.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, article 7.3.</p>
<p>III.1.5. If supervisory board members are frequently absent from the meetings of the supervisory board they shall be held responsible. The report of the supervisory board shall state which supervisory board members have been frequently absent from the meetings of the supervisory board.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, article 10.2.</p>
<p>III.1.6. The supervision of the management board by the supervisory board shall include:</p> <ul style="list-style-type: none"> <li>a) achievement of the company's objectives;</li> <li>b) corporate strategy and the risks inherent in the business activities;</li> <li>c) the design and effectiveness of the internal risk management and control systems;</li> <li>d) the financial reporting process;</li> <li>e) compliance with primary and secondary legislation;</li> </ul>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, articles 2.2 sub a, c, and e.</p>

f) the company-shareholder relationship; and g) corporate social responsibility issues that are relevant to the enterprise.	
III.1.7. The supervisory board shall discuss at least once a year on its own, i.e. without the management board being present, its own functioning, the functioning of its committees and its individual members, and the conclusions that must be drawn on the basis thereof. The desired profile, composition and competence of the supervisory board shall also be discussed. Moreover, the supervisory board shall discuss at least once a year without the management board being present both the functioning of the management board as an organ of the company and the performance of its individual members, and the conclusions that must be drawn on the basis thereof. The report of the supervisory board shall state how the evaluation of the functioning of the supervisory board, the separate committees and the individual supervisory board members has been carried out.	BN complies with this best practice provision: see the Regulations for the supervisory board, article 11.4 sub a - c.
III.1.8. The supervisory board shall discuss at least once a year the corporate strategy and the main risks of the business, the result of the assessment by the management board of the design and effectiveness of the internal risk management and control systems, as well as any significant changes thereto. Reference to these discussions shall be made in the report of the supervisory board.	BN complies with this best practice provision: see the Regulations for the supervisory board, article 11.4 sub e. See also section 5.2 Report of the Supervisory Board.
III.1.9. The supervisory board and its individual members each have their own responsibility for obtaining all information from the management board and the external auditor that the supervisory board needs in order to be able to carry out its duties properly as a supervisory organ. If the supervisory board considers it necessary, it may obtain information from officers and external advisers of the company. The company shall provide the necessary means for this purpose. The supervisory board may require that certain officers and external advisers attend its meetings.	BN complies with this best practice provision: see the Regulations for the supervisory board, article 14.
<b>III.2. Independence</b> <b>Principle.</b> The composition of the supervisory board shall be such that the members are able to act critically and independently of one another, the management board and any particular interests.	Agreed. See Annex A to the Regulations for the supervisory board.
III.2.1. All supervisory board members, with the exception of not more than one person, shall be independent within the meaning of best practice provision III.2.2.	BN complies with this best practice provision. However, the regulations for the supervisory board, article 3.4 sub e. provide for two members of the supervisory board to be independent within the meaning of this best practice provision, albeit that there currently is once vacancy.
III.2.2. A supervisory board member shall be deemed to be independent if the following criteria of dependence do not apply to him. These criteria are that the supervisory board member concerned or his wife, registered partner or other life companion, foster child or relative by blood or marriage up to the second degree as defined under Dutch law: a) has been an employee or member of the management board of the company (including associated companies as referred to in Section 5:48 of the Financial Supervision Act ( <i>Wet op het financieel toezicht / Wft</i> ) in the five years prior to the appointment; b) receives personal financial compensation from the company, or a company associated with it, other than the compensation received for the work performed as a supervisory board member and in so far as this is not in keeping with the normal course of business; c) has had an important business relationship with the company, or a company associated with it, in the year prior to the appointment. This includes the case where the supervisory board member, or the firm of which he is a shareholder, partner, associate or adviser, has acted as adviser to the company (consultant, external auditor, civil notary and lawyer) and the case where the supervisory board member is a management board member or an employee of any bank with which the company has a lasting and significant relationship; d) is a member of the management board of a company in which a member of the management board of the company which he supervises is a supervisory board member; e) holds at least ten percent of the shares in the company (including the shares held by natural persons or legal entities which cooperate with him under an express or tacit, oral or written agreement); f) is a member of the management board or supervisory board - or is a representative in some other way - of a legal entity which holds at least ten percent of the shares in the company, unless such entity is a member of the same group as the company; g) has temporarily managed the company during the previous twelve months where management board members have been absent or unable to discharge their duties.	BN complies with this best practice provision: see the Regulations for the supervisory board, article 3.5.
III.2.3. The report of the supervisory board shall state that, in the board's view, best practice provision III.2.1 has been fulfilled, and shall also state which supervisory board member is not considered to be independent, if any. <b>III.3. Expertise and composition</b> <b>Principle.</b> Each supervisory board member shall be capable of assessing the broad outline of the overall policy. Each supervisory board member	

<p>shall have the specific expertise required for the fulfilment of the duties assigned to the role designated to him within the framework of the supervisory board profile. The composition of the supervisory board shall be such that it is able to carry out its duties properly. The supervisory board shall aim for a diverse composition in terms of such factors as gender and age. A supervisory board member shall be reappointed only after careful consideration. The profile referred to above shall also be applied in the case of a reappointment.</p>	<p>Agreed. See Annex A to the Regulations for the supervisory board, article 2.1.</p>
<p>III.3.1. The supervisory board shall prepare a profile of its size and composition, taking account of the nature of the business, its activities and the desired expertise and background of the supervisory board members. The profile shall deal with the aspects of diversity in the composition of the supervisory board that are relevant to the company and shall state what specific objective is pursued by the board in relation to diversity. In so far as the existing situation differs from the intended situation, the supervisory board shall account for this in the report of the supervisory board and shall indicate how and within what period it expects to achieve this aim. The profile shall be made generally available and shall be posted on the company's website.</p>	<p>BN complies with this best practice provision: see the Annual Report, articles of association of BN article 16.4, the Regulations for the supervisory board, article 3.1 and annex A to the Regulations for the supervisory board. The profile is available on the website of BN.</p>
<p>III.3.2. At least one member of the supervisory board shall be a financial expert with relevant knowledge and experience of financial administration and accounting for listed companies or other large legal entities.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, article 3.4 sub c and Annex A to the Regulations for the supervisory board, article 2.2.</p>
<p>III.3.3. After their appointment, all supervisory board members shall follow an introduction programme, which, in any event, covers general financial, social and legal affairs, financial reporting by the company, any specific aspects that are unique to the company and its business activities, and the responsibilities of a supervisory board member. The supervisory board shall conduct an annual review to identify any aspects with regard to which the supervisory board members require further training or education during their period of appointment. The company shall play a facilitating role in this respect.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, articles 9.1 and 9.2.</p>
<p>III.3.4. The number of supervisory boards of Dutch listed companies of which an individual may be a member shall be limited to such an extent that the proper performance of his duties is assured; the maximum number is five, for which purpose the chairmanship of a supervisory board counts double.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, article 3.4 sub g.</p>
<p>III.3.5. A person may be appointed to the supervisory board for a maximum of three 4-year terms.</p>	<p>BN complies with this best practice provision: see the articles of association of BN, article 16.14 and the Regulations for the supervisory board, article 7.1.</p>
<p>III.3.6. The supervisory board shall draw up a retirement schedule in order to avoid, as far as possible, a situation in which many supervisory board members retire at the same time. The retirement schedule shall be made generally available and shall be posted on the company's website.</p>	<p>BN complies with this best practice provision: see the Regulations for the supervisory board, article 7.2 and the website of BN.</p>
<p><b>III.4. The chairman of the supervisory board and the company secretary</b>  <b>Principle.</b> The chairman of the supervisory board shall ensure the proper functioning of the supervisory board and its committees, and shall act on behalf of the supervisory board as the main contact for the management board and for shareholders regarding the functioning of the management and supervisory board members. In his capacity of chairman, he shall ensure the orderly and efficient conduct of the general meeting. The chairman of the supervisory board is assisted in his role by the company secretary.</p>	<p>BN complies with this best practice provision partly. See the Regulations for the supervisory board, articles 4.1 and 4.3. In 2014 Ballast Nedam amended its articles of association, as a result of which the supervisory board can appoint a secretary, who may be part of the existing workforce. The separation of the role of company secretary and secretary of the supervisory board prevents any possible appearance of undesirable exchange of information and emphasizes the different roles of the board of management on the one hand and the supervisory board on the other. Workload was also a consideration in the separation of these roles. Because of the acquisition by Rönésans and since September 2016, these roles have in practice been combined. As the company no longer believes such strict separation will be</p>

	necessary, an amendment of the articles of association will be proposed pursuant to which the company secretary will be the secretary of both the Board of Management and the Supervisory Board.
<p>III.4.1. The chairman of the supervisory board shall ensure that:</p> <p>a) the supervisory board members follow their induction and education or training programme;</p> <p>b) the supervisory board members receive in good time all information which is necessary for the proper performance of their duties;</p> <p>c) there is sufficient time for consultation and decision-making by the supervisory board;</p> <p>d) the committees of the supervisory board function properly;</p> <p>e) the performance of the management board members and supervisory board members is assessed at least once a year;</p> <p>f) the supervisory board elects a vice-chairman; and</p> <p>g) the supervisory board has proper contact with the management board and the works council (or central works council).</p>	BN complies with this best practice provision: see the Regulations for the supervisory board, article 4.1.
III.4.2 The chairman of the supervisory board may not be a former member of the management board of the company.	BN complies with this best practice provision: see the Regulations for the supervisory board, article 3.4 sub i.
III.4.3 The supervisory board shall be assisted by the company secretary. The company secretary shall ensure that correct procedures are followed and that the supervisory board acts in accordance with its statutory obligations and its obligations under the articles of association. He shall assist the chairman of the supervisory board in the actual organisation of the affairs of the supervisory board (information, agenda, evaluation, training programme, etc.). The company secretary shall, either on the recommendation of the supervisory board or otherwise, be appointed and dismissed by the management board, after the approval of the supervisory board has been obtained.	BN complies with this best practice provision partly, see above.
III.4.4 The vice-chairman of the supervisory board shall deputise for the chairman when the occasion arises. By way of addition to best practice provision III.1.7, the vice-chairman shall act as contact for individual supervisory board members and management board members concerning the functioning of the chairman of the supervisory board.	BN complies with this best practice provision: see the Regulations for the supervisory board, article 4.2.

The terms of reference shall indicate the role and responsibility of the committee concerned, its composition and the manner in which it discharges its duties. The terms of reference may provide that a maximum of one member of each committee may not be independent within the meaning of best practice provision III.2.2. The terms of reference and the composition of the committees shall be posted on the company's website.	BN complies with this best practice provision: see the Regulations for the remuneration committee, the Regulations for the selection and appointment committee and the Regulations for the audit committee on the website of BN.

<p>III.5.5. The audit committee shall act as the principal contact for the external auditor if he discovers irregularities in the content of financial reporting.</p>	<p>BN complies with this best practice provision: see the Regulations for the audit committee, article 4.1.</p>
<p>III.5.6. The audit committee may not be chaired by the chairman of the supervisory board or by a former member of the management board of the company.</p>	<p>BN complies with this best practice provision: see the Regulations for the audit committee, article 1.3.</p>

Decisions to enter into transactions under which supervisory board members would have conflicts of interest that are of material significance to the company and/or to the relevant supervisory board members require the approval of the supervisory board. The supervisory board is responsible for deciding on how to resolve conflicts of interest between management board members, supervisory board members, major shareholders and the external auditor on the one hand and the company on the other.	Agreed. See articles of association article 18.5 and the Regulations for the supervisory board article 12.
III.6.1. A supervisory board member shall immediately report any conflict of interest or potential conflict of interest that is of material significance to the company and/or to him, to the chairman of the supervisory board and shall provide all relevant information, including information concerning his wife, registered partner or other life companion, foster child and relatives by blood or marriage up to the second degree as defined under Dutch law. The supervisory board member concerned may not take part in the assessment by the supervisory board of whether a conflict of interest exists. A conflict of interest exists in any event if the company intends to enter into a transaction with a legal entity: i) in which a supervisory board member personally has a material financial interest; ii) which has a management board member who is related under family law to a member of the supervisory board of the company; or iii) in which a member of the supervisory board of the company has a management or supervisory position.	BN complies with this best practice provision: see articles of association articles 18.5 and 18.6 and the Regulations for the supervisory board article 12.2 and 12.3. See above, certain members of the Supervisory Board also have executive roles within the organization of Rönésans, which is the majority shareholder. It is noted that the company interprets item (iii) in such a way that this does not apply with respect to management or supervisory positions of entities of the Rönésans group.
III.6.2. A supervisory board member may not take part in a discussion and/or decision making on a subject or transaction in relation to which he has a conflict of interest with the company.	BN complies with this best practice provision: see articles of association article 18.6 and the Regulations for the supervisory board article 12.1.

BN complies with this best practice provision: see the Regulations for the supervisory board article 12.1. See paragraph "No conflict of interest" in section 5.4.

BN complies with this best practice provision: see the Regulations for the supervisory board article 12.4 and 12.5. See paragraph "No conflict of interest" in section 5.4.
III.6.5. The terms of reference of the supervisory board shall contain rules on dealing with conflicts of interest and potential conflicts of interest between management board members, supervisory board members and the external auditor on the one hand and the company on the other. The terms of reference shall also stipulate which transactions require the approval of the supervisory board. The company shall draw up regulations governing ownership of and transactions in securities by management or supervisory board members, other than securities issued by their 'own' company.	BN complies with this best practice provision: see the Regulations for the supervisory board article 12.
III.6.6. A delegated supervisory board member is a supervisory board member who has a special duty. The delegation may not extend beyond the duties of the supervisory board itself and may not include the management of the company. III.6.7. A supervisory board member who temporarily takes on the management of the company, where the management board members are absent or unable to fulfil their duties, shall resign from the supervisory board.	BN complies with this best practice provision: see the Regulations for the supervisory board article 7.4.
<b>III.7. Remuneration</b> <b>Principle.</b> The general meeting shall determine the remuneration of supervisory board members. BN complies with this best practice provision: see articles of association article 16.11 and the Regulations for the supervisory board article 8.1.
III.7.1. A supervisory board member may not be granted any shares and/or rights to shares by way of remuneration.	BN complies with this best practice provision:

<b>IV The shareholders and the general meeting of shareholders</b>	
<b>IV.1. Powers</b> <b>Principle.</b> Good corporate governance requires the fully-fledged participation of shareholders in the decision-making in the general meeting. It is in the interest of the company that as many shareholders as possible take part in the decision making in the general meeting. The company shall, in so far as possible, give shareholders the opportunity to vote by proxy and to communicate with all other shareholders. The general meeting should be able to exert such influence on the policy of the management board and the supervisory board of the company that it plays a fully-fledged role in the system of checks and balances in the company. Management board resolutions on a major change in the identity or character of the company or the enterprise shall be subject to the approval of the general meeting.	Agreed.  See articles of association, article 14a.
IV.1.1 The general meeting of shareholders of a company not having statutory two tier status ( <i>structuurregime</i> ) may pass a resolution to cancel the binding nature of a nomination for the appointment of a member of the management board or of the supervisory board and/or a resolution to dismiss a member of the management board or of the supervisory board by an absolute majority of the votes cast. It may be provided that this majority should represent a given proportion of the issued capital, which proportion may not exceed one third. If this proportion of the capital is not represented at the meeting, but an absolute majority of the votes cast is in favour of a resolution to cancel the binding nature of a nomination, or to dismiss a board member, a new meeting may be convened at which the resolution may be passed by an absolute majority of the votes cast, regardless of the proportion of the capital represented at the meeting.	N/A
IV.1.2. The voting right attaching to financing preference shares shall be based on the fair value of the capital contribution. This shall in any event apply to the issue of financing preference shares.	N/A
IV.1.3. If a serious private bid is made for a business unit or a participating interest and the value of the bid exceeds the threshold referred to in Article 2:107a, paragraph 1 (c), of the Netherlands Civil Code, and such bid is made public, the management board of the company shall, at its earliest convenience, make public its position on the bid and the reasons for this position.	BN complies with this best practice provision: see the Regulations for the board of management article 9.11. However, the practical relevance is limited now that BN is no longer listed.
IV.1.4. The policy of the company on additions to reserves and on dividends (the level and purpose of the addition to reserves, the amount of the dividend and the type of dividend) shall be dealt with and explained as a separate agenda item at the general meeting.	BN complies with this best practice provision: See the regulations for the board of management article 9.7.
IV.1.5. A resolution to pay a dividend shall be dealt with as a separate agenda item at the general meeting.	BN complies with this best practice provision: see the Regulations for the board of management article 9.8.
IV.1.6. <b>IV.2. Depositary receipts for shares</b> <b>Principle.</b> Depositary receipts for shares are a means of preventing a (chance) majority of shareholders from controlling the decision-making process as a result of absenteeism at a general meeting. Depositary receipts for shares may not be used as an anti-takeover measure. The management of the trust office shall issue proxies in all circumstances and without limitation to the holders of depositary receipts who so request. The holders of depositary receipts thus authorised can exercise the voting right at their discretion. The management of the trust office shall have the confidence of the holders of depositary receipts. Depositary receipt holders shall have the possibility of recommending candidates for the management of the trust office. The company may not disclose to the trust office information which has not been made public.	See section 5.1.3 Legal structure and 5.1.7 Depositary receipts for shares of the Annual Report. However, once the statutory buy-out proceedings have been completed, this will no longer be of relevance and Renaissance will be the sole shareholder.
IV.2.1. The management of the trust office shall enjoy the confidence of the depositary receipt holders and operate independently of the company which has issued the depositary receipts. The trust conditions shall specify in what cases and subject to what conditions holders of depositary receipts may request the trust office to call a meeting of holders of depositary receipts.	The Ballast Nedam administration office complies with this best practice provision: see the trust conditions article 11.2.
IV.2.2. The managers of the trust office shall be appointed by the management of the trust office. The Ballast Nedam administration office complies with this best practice provision: see the report of the Ballast Nedam administration office in Section 8.4 Report of the Ballast Nedam Administration Office of the Annual Report.
IV.2.7. The report referred to in best practice provision IV.2.6 shall, in any event, set out: a) the number of shares for which depositary receipts have been issued and an explanation of changes in this number; b) the work carried out in the year under review; c) the voting behaviour in the general meetings held in the year under review; d) the percentage of votes represented by the trust office during the meetings referred to at c); e) the remuneration of the members of the management of the trust office; f) the number of meetings held by the management and the main items dealt with in them; g) the costs of the activities of the trust office; h) any external advice obtained by the trust office; i) the positions of the managers of the trust office; and j) the contact details of the trust office. <p>IV.2.8. The trust office shall, without limitation and in all circumstances, issue proxies to depositary receipt holders who so request. Each depositary receipt holder may also issue binding voting instructions to the trust office in respect of the shares which the trust office holds on his behalf.</p>	<p>The Ballast Nedam administration office has complied with this best practice provision since 2005: see the trust conditions of the Ballast Nedam administration office articles 6.4 and 6.5.</p>
<p><b>IV.3. Provision of information to and logistics of the general meeting</b>  <b>Principle.</b> The management board or, where appropriate, the supervisory board shall provide all shareholders and other parties in the financial markets with equal and simultaneous information about matters that may influence the share price.
